MEMORANDUM FOR COL [REDACTED] Commander, WRHCS

SUBJECT: Officer Evaluation Report Comments for: Lakin, Terrence L. LTC, MC, [REDACTED]

1. Under provisions in AR 623-3, please accept these comments regarding my OER with thru date of 12 April 2010 submitted for my approval on 10 June 2010.
2. Administration Errors.
 - a. Part 1a: Correct name is "LAKIN, TERRENCE L." not "TERRENCE, LAKIN, L."
 - b. Part 1i: I question the "Period Covered thru date" of 20100412. Please compare this date with prior OER that was submitted to me, digitally signed by both Rater and Senior Rater with a thru date of 20100411.
 - i. This change in dates clearly has been altered from a previous version. The OER was completed for a change in Duty Station/TCS orders. I had completed all requirements to 'clear' my duty station and unit and was on leave status prior to 20100412.
3. Part IV, V, and VII Errors.
 - a. All sections have been altered from a previous version of an OER submitted to me with thru date of 20100411. I would ask that this previous version be corrected for typos and misspellings, that I had requested before, and be submitted as the legitimate OER.
 - b. The changes that have been placed on the OER with thru date of 20100412 include alleged actions that should NOT be included on OER per AR 623-3 para 3-23 and 3-24. My Counseling DA Form 4856 dated 19 April 2010 even states that "a flag was imposed upon you on 12 April 2010 due to possible adverse action being taken against you. ... The flag will remain in place pending the completion of any investigation and disposition of any allegations of misconduct."
 - c. The legality of my TCS orders is the issue that may have led to any derogatory information that was listed in the revised OER. This has yet to be resolved by investigation and GCMA.
4. I respectfully request that the original version of an OER presented to me with thru date of 20100411, including admin error corrections, be entered and submitted to DA for my OER of record.
5. Questions may be addressed to the undersigned at [REDACTED] or cell phone of [REDACTED]
